

### § 236.3

(iii) Information designated as Critical Program Information (CPI) in accordance with DoD Instruction 5200.39, “Critical Program Information (CPI) Protection within the Department of Defense”;

(iv) Information that hostile intelligence systems might obtain that could be interpreted or pieced together to derive critical intelligence in time to be useful to adversaries as described in 5205.02–M, “DoD Operations Security (OPSEC Program Manual”;

(v) Personally Identifiable Information (PII) that can be used to distinguish or trace an individual’s identity in accordance with DoD Directive 5400.11, “DoD Privacy Program”;

(vi) Information bearing current and prior designations indicating unclassified controlled information (e.g., For Official Use Only, Sensitive But Unclassified, and Limited Official Use, DoD Unclassified Controlled Nuclear Information, Sensitive Information) that has not been cleared for public release in accordance with DoD Directive 5230.29, “Clearance of DoD Information for Public Release” (see also Appendix 3 of DoD 5200.1–R, “Information Security Program Regulation”); or

(vii) Any other information that is exempt from mandatory public disclosure under DoD Directive 5400.07, “DoD Freedom of Information Act (FOIA) Program”, and DoD Regulation 5400.7–R, “DoD Freedom of Information Program”.

(d) *Covered DIB systems* means an information system that is owned or operated by or for a DIB participant and that processes, stores, or transmits covered defense information.

(e) *Cyber incident* means actions taken through the use of computer networks that result in an actual or potentially adverse effect on an information system and/or the information residing therein.

(f) *Cyber intrusion damage assessment* means a managed, coordinated process to determine the effect on defense programs, defense scientific and research projects, or defense warfighting capabilities resulting from compromise of a DIB participant’s unclassified computer system or network.

(g) *Defense Industrial Base (DIB)* means the Department of Defense, gov-

ernment, and private sector worldwide industrial complex with capabilities to perform research and development, design, produce, and maintain military weapon systems, subsystems, components, or parts to satisfy military requirements.

(h) *DIB participant* means a DIB company that has met all of the eligibility requirements to participate in the voluntary DIB CS/IA information sharing program as set forth in this part (see § 236.7).

(i) *Government* means the United States Government.

(j) *Government Furnished Information (GFI)* means information provided by the Government under the voluntary DIB CS/IA program, including but not limited to cyber threat information and information assurance practices.

(k) *Information* means any communication or representation of knowledge such as facts, data, or opinions in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual.

(l) *Information system* means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information.

(m) *Threat* means any circumstance or event with the potential to adversely impact organization operations (including mission, functions, image, or reputation), organization assets, individuals, other organizations, or the Nation through an information system via unauthorized access, destruction, disclosure, modification of information and/or denial of service.

### § 236.3 Policy.

It is DoD policy to:

(a) Establish a comprehensive approach for enhancing and supplementing DIB information assurance capabilities to safeguard covered defense information on covered DIB systems.

(b) Increase the Government and DIB situational awareness of the extent and severity of cyber threats to DOD information.

### § 236.4 Procedures.

(a) The Government and each DIB participant will execute a voluntary
